Zinc+Vitamin C

Zinc and vitamin C, micronutrients that are necessary for the immune system's active function, provide an easy and effective protection from colds during the entire cold season. The connection between sufficient supply of zinc and vitamin C and the immune system activity is scientifically established. When taking Zinc + Vitamin C EVALAR, you get about 80% of the required daily allowance of zinc in the organic easily digestible form of zinc lactate (20% are contained in a daily diet), and 150% of vitamin C required daily allowance.

Ingredients: Ascorbic Acid, Microcrystalline Cellulose (Excipient), Zinc Lactate, Calcium Stearate of Herbal Origin, and Silicon Dioxide (Anti-Caking Agents)
