АТЕРОКЛЕФИТ, tincture

Medicinal product based on red clover.

Lowers total cholesterol levels, reduces the concentration of bad cholesterol and boosts healthy (high density) cholesterol.

Strengthen the blood vessels walls.

Prevents the formation of atherosclerotic plaques.

АТЕРОКЛЕФИТ can be taken for long periods thanks to its excellent safety profile.

Ingredients: Clover Grass, Ethyl Alcohol.

BP Minus (blood pressure release), tablets

The unique composition of the biocomplex BP Minus helps maintain normal blood pressure, providing a mild and steady effect.

Ingredients: Buckwheat Herb and Flowers, Extracts of Buckwheat, Cudweed, Cherry Fruit Stalks, Vitamin C, Rutin.

CARDIO ACTIV Omega-3, capsules

Each capsule contains 1000 mg of Atlantic salmon oil with a high concentration of PUFA Omega-3. Helps keep cholesterol levels normal and strengthen blood vessels.

Advantageous price compared to the imported analogue.

Ingredients: Atlantic Salmon Fish Oil, 350 mg in 1 Capsule.

CARDIO ACTIV Taurine, tablets

For the treatment of cardiovascular insufficiency. Improves the heart muscle function.

Reduces the level of cholesterol, triglycerides and sugar in the blood. The amino acid Taurine helps excrete excess fluid from the body, reducing pressure in the blood vessels. It also calms the nervous system, thereby relieving arterial spasms. For use as part of comprehensive therapy.

Advantageous price compared to the imported analogue.

Ingredients: Taurin 500 mg in 1 Tablet.

CARDIO ACTIV, tablets

The product contains not only potassium and magnesium, but also a high dose¹ of the extract of hawthorn flowers, the important source of biologically active substances for healthy heart function.

Cardio Active contributes to the improvement of the heart function, nourishes and supports it, making it stronger and more enduring.

Ingredients: Extract of Hawthorn Flowers and Leaves, Potassium Aspartate, Magnesium Aspartate, Hawthorn Fruit.

CardioActiv vitamins for heart health

For the heart's energy and youth. The product contains the universally recognized vitamins for the heart and the maximum content of coenzyme Q10 in 1 capsule, 60 mg. The vitamins contribute to the production of energy to maintain the normal heart function, and help to strengthen not only heart, but also blood vessels.

Advantageous price compared to the imported analogue.

Ingredients: Coenzyme Q10, Vitamins A6, A12, Folic Acid.

Chelated Magnesium, tablets

The first chelated magnesium in combination with amino acids, which provides maximum absorption of magnesium. Convenient to take: just 1 tablet a day. Recommended for adults and children from 14 years of age, as well as for pregnant and lactating women.

Promotes:

- stress resistance
- better function of the nervous system, muscles, and heart
- healthier sleep
- easing muscle spasms and cramps

Coenzyme Q10 100 mg, capsules

Maximum Coenzyme Q10 in one capsule. Coenzyme Q10 can be found in absolutely all the tissues and organs of the human body. If its quantity is reduced by 75%, it leads to cell death. Q10 works as age protector only in high doses of 100 mg or more! Coenzyme Q10 is not just for heart protection and maintaining the youth, it also:

- strengthens the heart muscle
- reduces the side effects of statins
- preserves the beauty and youth
- slows down the aging process

The ingredients also include coconut oil, which boosts the absorption efficiency.

Copper Chelate

Easily available chelated copper for maximum absorption.

Copper Chelate by Evalar helps:

- reduce the risk of premature graying, maintain hair color
- promote production of collagen and elastin, maintenance of skin tone and youth
- normalize hemoglobin levels, strengthen the walls of blood vessels
- improve brain and eye health
- strengthen immunity, bones, joints
