

# GINKOUM

A natural medicine. 40 or 80 mg of Ginkgo biloba extract in 1 capsule. Ginkoum improves cerebral and peripheral blood circulation, and reduces blood viscosity, preventing thrombosis.

As a result, it solves several problems:

Eliminates headache, dizziness and tinnitus, even if they are weather-related.

Improves memory, attention and mental performance.

Relieves pain when walking, heaviness in the legs, painful cramps and feeling of cold.

Reduces the risk of heart attacks and strokes.

Ingredients: Dry Ginkgo Biloba Extract, 40 mg and 80 mg in 1 Capsule.
